

GLEN EDEN INTERMEDIATE NZAIMS—National Sporting Championships 2011 NETBALL

Aims was a week of tough competition, harsh injuries, amazing wins and also some hard losses. For netball it was tough draw and we experienced some hard losses throughout the competition and there were lots of teams wanting that first position—gold medal. Our team was awesome because we had been together for 2 years now and this year at AIMS we took 3 year 7s as part of their development for the future of GEIS netball. I give credit to the whole AIMS netball team for not giving up and we kept on trying. We had lots of laughs and it was an amazing week.

NZAIMS 2011 has been by far the best competition that I have been to in the last two years at Glen Eden Intermediate. This year there was a lot of hard competition but it was a great opportunity to play against harder teams and harder players on court. Having everyone from GEIS staying at the same place was really cool as I thought it brought us together more as a team and it was really cool meeting up every night to share laughs and highlights of our day. Even though our netball team didn't do so well this year I felt it was amazing to bond with my team mates and have quality time with each other before we part for high school. It was really cool to be able to meet new people and new friends as well as having good competitive games. Getting up early in the morning for Ms Va'ai's netball and fitness trainings, now I know that it's all worth it. AIMS 2011 was an amazing memory I will never forget.
